

## TCP LED17P38D30KNFL - Dimmable LED - 17 Watt - PAR38

120W Equal - 6000 Candlepower - 25 Deg. Narrow Flood - 3000K Halogen White

---

TCP-17P38D30KNFL

With a color temperature of 3000K, the TCP LED17P38D30KNFL Elite Designer 17-watt LED PAR38 lamp is perfect for track, recessed downlight, outdoor lighting, and many other applications. This PAR38 lamp features smooth, uniform dimming and exceeds all industry performance requirements for directional lamps. Using up to 85 percent less energy than halogen alternatives, this 25,000-hour solid state lamp operates at 120-volts and significantly reduces lighting service and maintenance. With a 25-degree narrow flood beam angle and very low heat generation, this LED PAR38 is excellent for sensitive display lighting.
