

## Two-Part Perforated Tags

Two-part tags provide enhanced operational control and record-keeping. Stub is removed when tag is attached to a lockout point. Only the employee in possession of the stub has the authority to remove the tag. After the job is done, stub is returned to management for verification and monitoring of Lockout Tagout activity in the plant. Matching identification numbers are printed on each part.

- B-851 - Economy Polyester tags are durable 10 mil-thick polyester making it easy to remove chemicals, grease and grime. Suitable for indoor or outdoor use. Nylon ties included.
- B-853 - Cardstock tags provide an economical, yet durable material option. Attachment strings included.
