

IMO (International Maritime Organization) Evacuation Signs

Brady IMO signs are designed to meet the needs of the marine and shipping industry. In the event of an emergency, IMO signs help warn, instruct and advise passengers of proper evacuation procedures. These IMO signs are highly visible to help facilitate a safe and efficient onboard ship evacuation and comply with the IMO (International Maritime Organization) resolution A.752 (18).

Material Information

BGSS - BradyGlo™ Self-Sticking Polyester (B-324)

BGPL - BradyGlo™ Plastic (B-347)
