## KWIKON ENT STUB DOWN FITTINGS

Both styles of stub down fittings are designed for direct connection to ENT on the horizontal by means of our unique six locking tab for concrete encasement Kwikon connection. The flanged base of the threaded 90° stub down offers contractors a NPSC threaded hub connection on the vertical – at the exit point of the slab, allowing for the direct transition to other raceway products.

With our unique Kwikon x Kwikon stub down fitting, the user creates a stub down of ENT without penetrating the form. After the concrete pour the permanently encased fitting will be flush with the bottom of the slab deck, ready to accept the connection of ENT raceway.

Designed to offer the optimal balance of bend radius and overall height in the slab, these fittings provide a bend radius of 2-1/2" while standing less than 3-3/8" tall.

### Kwikon (KT90) Stub Down Fittings (Kwikon x Threaded)

| Size (inches) | Part Number | Product Code |
|---------------|-------------|--------------|
| 1/2           | KT90-10     | 089060       |
| 3/4           | KT90-15     | 089059       |
| 1             | KT90-20     | 089058       |

### Kwikon (KK90) Stub Down Fittings (Kwikon x Kwikon)

| Size (inches) | Part Number | Product Code |
|---------------|-------------|--------------|
| 1/2           | KK90-10     | 089055       |
| 3/4           | KK90-15     | 089056       |
| 1             | KK90-20     | 089057       |

## KWIKON ENT FORM STUBBIES

Ease and convenience were a priority in the design of Kwikon ENT form stubbies. Contractors use our stubbies to create conduit stub-downs in concrete without needing to drill holes in the plywood form. Available in the original stubby design, the angled version and the Multi-Link, Kwikon form stubbies also protect the ENT from potential damage during the removal of wood forms.

The angled stubby gives you the advantage of positioning the ENT at a lower profile within the slab. It's available in all sizes of ENT up to 1-1/2".

The Multi-Link form stubby is designed in convenient rows of three and feature a snap-together design which enables them to be configured in a variety of tightly grouped formations. It also features a thin removable film over the drop opening that prevents concrete slurry from seeping under the stubby during the concrete pour.

### Kwikon ENT Form Stubbies

| Size (inches) | Part Number | Product Code |
|---------------|-------------|--------------|
| 1/2           | KSTB-10     | 089330       |
| 3/4           | KSTB-15     | 089331       |
| 1             | KSTB-20     | 089332       |
| 1-1/4         | KSTB-25     | 089333       |

### Kwikon ENT Angled Form Stubbies

| Size (inches) | Part Number | Product Code |
|---------------|-------------|--------------|
| 1/2           | KASTB-10    | 089233       |
| 3/4           | KASTB-15    | 089234       |
| 1             | KASTB-20    | 089235       |
| 1-1/4         | KASTB-25    | 089236       |
| 1-1/2         | KASTB-30    | 089238       |

### Kwikon ENT Multi-Link Form Stubbies

| Size (inches) | Part Number | Product Code |
|---------------|-------------|--------------|
| 1/2           | MSTB-10     | 089031       |
| 3/4           | MSTB-15     | 089026       |
| 1             | MSTB-20     | 089025       |
