Info Special Applications

- fast adjustment directly on the workpiece: fast and comfortable handling
- fine adjustment: ensures optimum adjustment to differently sized workpieces and user-friendly handle position. Number of adjustment positions see table
- secure catching of the hinge bolt: no unintentional shifting
- box-joint design: high stability because of double guide
- self-locking on pipes and nuts: no slipping on the workpiece and low handforce required
- gripping surfaces with special hardened teeth, teeth hardness approx. 61 HRC: low wear and secure gripping
- one-hand adjustment
- guard prevents operators' fingers being pinched
- favourable lever action: optimum transmission of force
- Chrome Vanadium electric steel, oil-hardened and tempered

Länge: 250 mm

- very large gripping capacity
- good access to the workpiece
- high load capacity having a slim design
