- <sup>1</sup> Neutral wire required.
- <sup>2</sup> BAA-compliant model numbers available. Add a “U” prefix to the model number.
- <sup>3</sup> May require LUT-MLC (included with MRF2S-8S-DV models) to ensure proper function with low-wattage load types. See page 11 for details.
- <sup>4</sup> “XX” in the model number represents color/finish code. See **Colors and Finishes** at end of document.
