M12™ Heated Women's AXIS™ Jacket Kit

★★★★★ (0) Write a review

The MILWAUKEE® M12™ Heated Women's AXIS™ Jackets are designed to protect from cold and weather on the jobsite. Powered by M12™ REDLITHIUM™ Battery Technology, these heated jacket kits use carbon fiber heating elements to create and distribute heat to the chest, back and shoulders. A single touch LED controller heats up the battery heated jacket to three heat settings, creating a comfortable heat for any environment. This MILWAUKEE® heated jacket kit has a new Quick-Heat function that creates and distributes heat three times faster than our previous women's jackets and market competitors. AXIS™ Ripstop Polyester provides a lightweight, **Read More**
