# Make ironing simple, safe and save space in your home.

Smooth out the wrinkles in your day with the new NuTone PressRite™ Built-In Ironing Center. Whether you need a quick touch-up or to iron everything from top to bottom, the PressRite Ironing Center – available in three models – makes ironing easy, organized and convenient. Simply open the door, open the board, and start ironing. No need for clutter and mess. This handy, all-in-one ironing center fits neatly and discretely into any room in your home: the master bedroom, laundry room, kitchen or family room.

## Quick, convenient and ergonomic!

- Saves time
- Handy storage shelves
- Saves space
- Choice of 3 models
- Streamlined, built-in appearance
- Choice of doors to suit your decor

## Key Features\*

### 42" Full-Size Ironing Board

All-metal construction provides durability for years of long-standing use. Ventilated metal board is resistant to moisture and cools quickly.

### Hot Iron and Storage Shelves

Deep, tall storage shelves fit larger-sized irons. Additional storage shelves can accommodate spray bottles, starch and other ironing accessories.

### Built-In Outlet, Light and Silent Timer

The silent timer lets you pre-set the power and the pilot light shows when the power is "on". For added safety, the auto shut-off ensures the electric supply is "off" when the door closes.

### 180° Swivel and Height Adjustment

Each ergonomically efficient unit fits neatly into tight corners and the ironing board features three height settings to obtain the right height for optimum ironing comfort.

\* Not all features are available with all models.
