

WhisperSense™ VENTILATION FAN

FV-08VQC5, FV-11VQC5

WhisperSense-Lite™ VENTILATION FAN

FV-08VQCL5, FV-11VQCL5

- **Exclusive Dual Sensor Technology** reacts to both motion and humidity, automatically turning the fan on when needed. No effort is required....the fan does all the work for you.
- Built-in **SmartAction® motion sensor** automatically turns on when you enter the room. No more forgetting to turn the fan on with Panasonic's decision free technology.
- A built-in **humidity sensor** detects rapid rise in relative humidity (RH), automatically turning on the fan to remove moisture and helping to prevent mold and mildew.
- Built-in **adjustable delay timer** can be set from 30 seconds to 60 minutes and activates when motion is no longer detected or when humidity levels are below preset levels.
- Already **remarkably energy efficient**, our auto shut off feature can help eliminate unnecessary energy use and further reduce operating costs.

Three ways the fan can function.

- Motion on/Motion off
- Motion on/Humidity off
- Humidity on/Humidity off
- Humidity switch is adjustable from 30% to 80% and factory set for 50%
- Timer switch is adjustable from 30 seconds to 60 minutes and factory set for 10 minutes

Additional Benefits

- Easy Installation (double hanger bar system)
- Rust-proof paint treatment on galvanized housing
- UL listed for tub/shower enclosure when used with a GFCI branch circuit
- Built-in damper to prevent backdraft
- 4" or 6" dual duct adaptor included
- ASHRAE 62.2, LEED, CAL Green and CA Title 24 compliant
- ENERGY STAR® Qualified
- 3-year warranty

Panasonic ideas for life

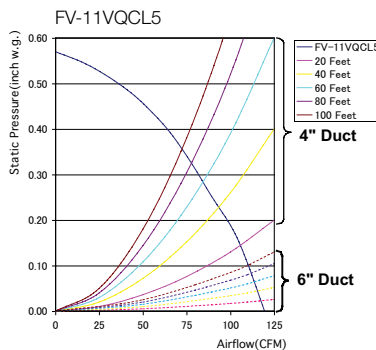

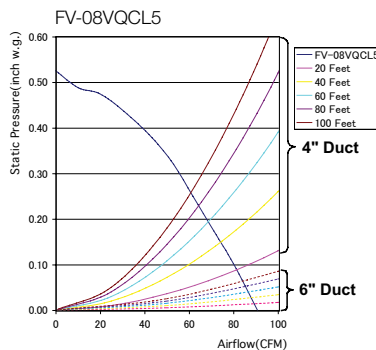

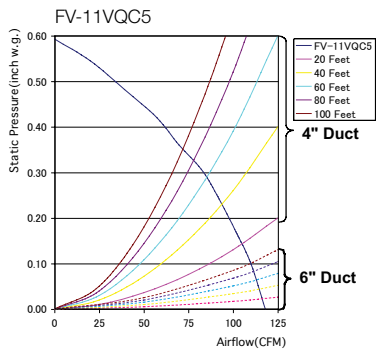

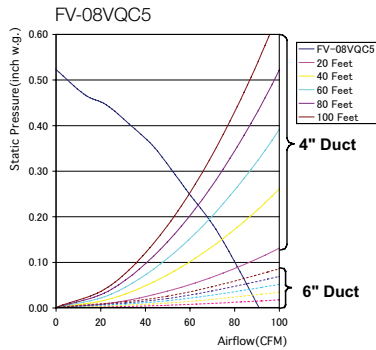

WhisperSense, WhisperSense-Lite Ventilation Fans

NEW Dual sensor technology with **motion sensor, humidity sensor and adjustable delay off timer.** The Power of Performance, efficiency perfected!

Ideal applications:

- Can save money on installation as no switch is required.
- Effortless as the fan does the thinking for you. Ideal for kids bathrooms, commercial applications such as gas stations or strip mall bathrooms.
- Hands-free for applications such as assisted living facilities or handicap accessible restrooms.
- Complies with States and Municipalities that have moisture control codes such as CALGreen.
