

Branch-Cable

For Power Optimizer Input

SE-CBY

ACCESSORIES

Ideal solution for low power modules

- Allows to connect 2-4 modules in parallel to a single power optimizer
- Utilize power optimizers to their full power rating
- Double insulated PV wire
- Multi-contact MC4 connectors

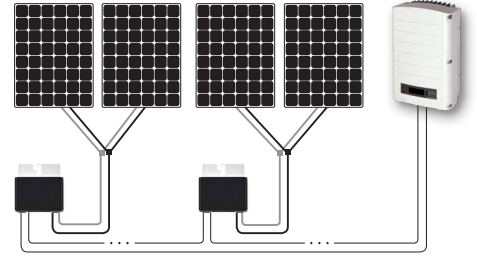

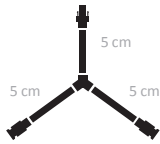

Branch-Cable For Power Optimizer Input

SE-CBY

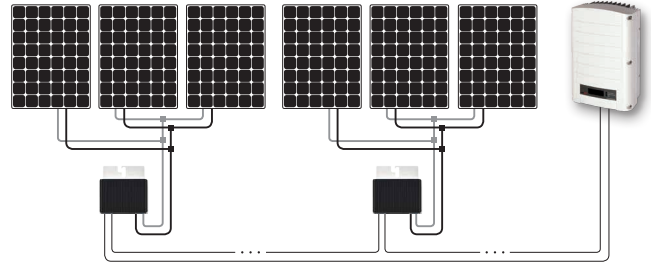

2-Module Branch Cable

Part number: SE-CBY-2MM
(20 male units & 20 female units in each package)

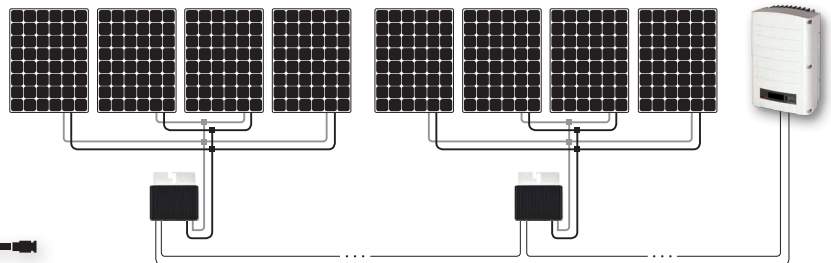

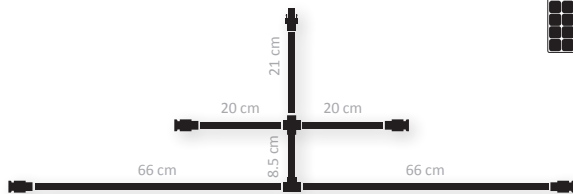

3-Module Branch Cable

Part number: SE-CBY-3MM
(10 male units & 10 female units in each package)

4-Module Branch Cable

Part number: SE-CBY-4MM
(10 male units+ 10 female units in each package)

CONNECTOR

Input Connector

Multi-contact MC4

Output Connector

Multi-contact MC4

WIRE

Maximum System Voltage

600 (UL) / 1000 (IEC)

Vdc

Maximum Current

30

A

Wire Size

4

mm²

Rated Temperature

-40 – 90

°C

RoHS
