

MULTI-SOLUTION

STANDARD STAINLESS STEEL FASTENERS AND WASHERS

Avoid chasing fasteners after job-site drop. Frequent users can keep spares handy in their toolboxes.

CLR = Clear Finish

DRK = Dark (BLACK) Finish

SECURITY HARDWARE

Security hardware dramatically increases the difficulty and time required for a thief to dismantle a PV array and steal its components. Breakaway nuts work well in conjunction with top mounting clamps and footing bolts.

Note that starhead bolt heads do not fit into SolarMount rail slots (where standard bolt heads are inaccessible). Use them where heads are exposed—with bottom mounting module clips, for example.
