

DW4BC-1BW

Decora Smart Wi-Fi 4-Button Controller

The Decora Smart Wi-Fi 4-Button Controller provides sophisticated in-wall control of multiple Decora Smart Wi-Fi devices, room lighting scenes and whole house lighting activities. Pairs with Decora Smart Wi-Fi lighting controls and the My Leviton app to offer an “always there, always on” control center for smart lighting. Adjust devices, activate scenes in a room, or push one button to turn off every light in the home. The DW4BC requires hot, neutral, and ground wires, and does not directly connect to a load. The four buttons can be customized for control via the My Leviton app. Have Questions? Search the knowledge base.
