

Rechargeable Safety Lamp with Magnet 56063

- Focused quad-directional multi-LED is visible up to 1/4 mile (0.4 km) in low light and clear weather
- Four operational modes: Pulse (High), Pulse (Low), Solid On (High), Solid On (Low); Up to 52 hours runtime
- Designed to attach directly to Klein Hard Hats and Safety Helmets with patent-pending front/back accessory mounts; no straps needed
- Attach to magnetic surface to serve as stationary alert beacon
- Compact and lightweight design for all day use
- High Quality Red LEDs for exceptional visibility in BOTH bright and low light conditions
- Durable: drop-test rating of 10-Foot (3 m)
- IP64 rated: dust and water resistant for indoor/outdoor use
- Rechargeable via USB-C cable (included)
- Battery status indicator

The Klein Tools Red Safety Lamp provides supplemental visual alert in busy, noisy, dark, and bright environments. Designed to attach to Klein Tools' hard hat or safety helmet front or back accessory mounts; the Safety Lamp can also be attached to magnetic surfaces to serve as a stationary alert beacon. The Safety Lamp has four user-selectable modes (High and Low settings in both Pulse and Solid On) and is rechargeable via USB-C cable (included).
