

NFPA 70, National Electrical Code (NEC) or Handbook Self-Adhesive Index Tabs

Get ahead and stay there. Navigate directly to the latest code-related content you require with stick-on reference tabs for the NEC®.

The ability to accurately and efficiently reference installation requirements critical to your work is a significant advantage. Save time and reduce errors and delays accessing the most current electrical installation information with NFPA 70, *National Electrical Code or Handbook Self-Adhesive Index Tabs*. Compatible with the 2023 editions of NFPA 70®, *National Electrical Code*® (NEC), and the NFPA 70, *National Electrical Code Handbook*, tabs are a powerful resource for anyone who uses or enforces the code.

The set includes 96 durable and reusable index tabs you can use to mark electrical topics by code article and name. A color-coded system helps you find the corresponding subject matter you are looking for more quickly.

Sections are grouped by:

- Gold – Introduction and definitions
- Green – Grounding and bonding, health care, electric vehicles, photovoltaic systems, energy storage
- Yellow – Wiring methods
- Gray – Cords and equipment
- Orange – Hazardous locations
- Blue – Marinas, pools, etc.
- Red – Fire pumps, fire alarms, critical operations

Update your resources as you update to the new NEC!

NFPA 70, 2023 edition, is extensively reorganized and revised for ease of use and to bring the code up to date with the rapidly evolving electrical industry. Purchase your set of NFPA 70, *National Electrical Code Self-Adhesive Index Tabs*, and help take productivity and safety to a high standard.

(For use with the softbound and spiralbound formats of the NEC as well as the *National Electrical Code Handbook*.)
