USB Rechargeable 1100L Twist Focus Flashlight

Our USB Rechargeable 1100L Twist Focus Flashlight offers 1100 Lumens with precise beam control. Leveraging advances in LED Technology, this rechargeable flashlight maintains a compact body while delivering 1100L of TRUEVIEW™ High Definition Output, giving you the ability to see up to 175-meters (574 feet). The flashlight features precision twist focusing for full control of the beam size and intensity allowing you to search, trace, or inspect better. Designed for easy carry and storage, this compact flashlight has a removable clip for versatile attachment. Optimized for one-click operation, the multi-functional power button offers battery indication and mode selection. The mode memory intelligence powers up the flashlight in the last mode used. Maximize brightness or extend runtime with high, medium, and low mode options with up to 14 hours of runtime. Built for the toughest conditions, this waterproof flashlight has an IP67 rating and withstands submersion up to 1-Meter and is rated for 4-Meter drops. The MILWAUKEE® USB Rechargeable 1100L Twist Focus Flashlight is powered by the REDLITHIUM™ USB 3.0AH Battery, providing all-day run-time, more recharges, and 3x faster charge time. The Milwaukee REDLITHIUM™ USB Battery can be recharged in the flashlight via Micro USB or swapped out with additional REDLITHIUM™ USB Batteries for virtually no downtime. The 1100L Twist Focus Flashlight is covered by a limited lifetime warranty.
