NON CONDUCTIVE
EASY TO HANDLE IN TIGHT SPOTS

The Fiberfish (1/4" yellow rods) and Fiberfish II (3/16" orange rods) are non- conductive fiberglass rods available in 3' or 6' sections. Rods can be screwed together to make longer lengths for fishing wire in existing walls and attics or across drop ceilings. With a variety of attachments*, they make fishing wire easy!

* "Bullnose" pulling tips included, other attachments sold separately *
