## ESWD40800P Combined Coax and Telephone Distribution Module

Technical Data TD00412069E

New Information

### Product Description

The ESWD40800P provides distribution of voice and video signals throughout the home or office. It has a RJ31X port for a security system and a RJ45 pass-through port for connections to other telephone modules.

### Application Description

The telephone portion of this combined distribution module allows up to four lines to be routed to eight locations. The video portion of this combined distribution module distributes one video signal to four locations, as well as providing two pass-through connections for satellite TV or closed circuit signals.

ESWD40800P

### Product Selection

#### ESWD40800P COMBINED COAX AND TELEPHONE DISTRIBUTION MODULE

DESCRIPTION	SPECIFICATIONS
Module Size	6.00 Inches (152.4 mm) (Takes up One Expansion Bay)
Weight	1.5 lbs. (0.68 kg)
