

Cat. No. **BNC-100**

First Alert[®]

Description:
RG59 Coax Video &
DC Power Cable - 100 Feet

camera
accessories

Indoor/outdoor

Solid copper conductor for
less voltage drop and better
signal over longer distances
- easier to handle

Combined video and DC
power in one cable

BNC Male connections on
video cable and 1 jack
male, 1 plug female on
DC power cable

Double shielded with
aluminum foil insulation
and braiding

Includes two adaptors
to connect two lengths
of cable together or to
connect to an RCA jack

First Alert®

camera accessories

Contents

- 1 100 ft BNC Cable
- 1 BNC female to BNC female adaptor
- 1 BNC Female to RCA male connector

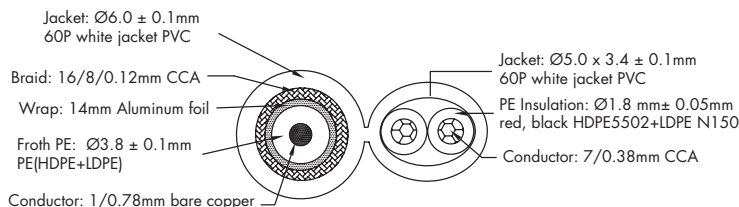

Product Specifications

|-----------------------------|--|
| Dimensions (Coiled on Card) | 10.25"W x 13.25"H x 2.25"D |
| Length | 100 feet |
| Material | See construction diagram below |
| Indoor/Outdoor | Yes |
| Video Cable Terminations | (2) 75 ohm BNC Male: brass with tarnish resistant nickel plating, center contact gold plated brass (20 micro inches) |
| DC Power Terminations | (1) Jack Male, (1) Plug Female: (2.10mm I.D./5.5mm O.D.), brass with tarnish resistant nickel plating |
| Adaptors (included) | (1) 75 Ohm BNC Female to RCA Male Adaptor (1) 75 Ohm BNC Female to BNC Female Adaptor: |

Cable Construction

Not all coax cables are created equally. First Alert's RG59 combined coax video and DC power cables use a solid copper conductor for less voltage drop and better signal over longer distances. This also makes the cable easier to handle versus other lower quality copper clad steel cables as it is less rigid and will not remain coiled. In addition, the cables are double shielded with aluminum foil insulation and braiding to help protect the video signal from interference. Each cable comes with BNC Male connections on each end of the video cable and 1 jack male, 1 plug female on the ends of the DC power cable (2.1mm I.D./5.5mm O.D.). We also supply two adaptor plugs for your convenience. One is a BNC female to BNC female adaptor to provide a way to connect two lengths of cable together. The other is a BNC Female to RCA male connector to attach cable to a TV RCA female (Yellow Video in) input. In addition, we offer cable that is fire rated FT-4/CMR UL approved for in-wall installations. All of these features ensure your customers of the highest quality installation.

Shipping Specifications

Individual Card

| | |
|------------|----------------------------|
| Dimensions | 10.25"W x 13.25"H x 2.25"D |
| Weight | 4.2 lbs. |
| Cube | 0.18 ft3 |
| UPC | 0 29054 00881 7 |

Inner Carton

| | |
