

Self drilling phillips pan head screws drill a hole and tap threads in one operation. The drilling operation removes metal and can be used with heavier gauge metals. Length is determined from the base of the fastener.

- Self Drilling
- Pan Head
- Phillips
- Zinc Plated Steel

Self Drilling Screws • Manufactured from high quality cold heading material and heat treated under controlled conditions yielding optimum drill performance.

Self Drilling Screws • Better thread engagement and optimum holding powers are achieved by using a product which self-drills its own hole size.

Self Drilling Screws • Available in a variety of head styles and drive systems to meet special application and installation demands.

SELF DRILLING SCREWS
