FULL INFORMATION

We have a saying that the best knife is the one that you have with you! Always be prepared with the new Key knife. This is the first lockback of its kind. Open up your awareness. We love the fact that sometimes we wish we had a knife to clean our fingers, cut a rope, open a box, sever a thread. Now we do... always. Our new key knife just might save the day, unless of course you lock it in the trunk.
