Country Of Origin : India

Support, Single Eye Closed Mesh Cable Support Grip, 2.00-2.50", 304 Stainless Steel - Breakload is 3,400 LB

- Leviton wire mesh grips are built tough to provide the strength, reliability, and gripping force required for today's demanding wire mesh applications
- Support grips distribute the weight of the vertical or sloping runs of electrical and fiber optic cable, metal rods, tubing or hose over the entire length of the grip so the cable is not damaged
- Use of support grips avoids stress on cable connections and provides needed support for vertically hung cables
