Quality construction for maximum durability.

Choose from a broad range of capacities in both single and duplex receptacle designs. They feature high-quality, brass contacts for rock-solid electrical connections and long service life. Single-piece, solid brass or steel straps and impact-resistant nylon face and body help them shrug off hard use.

Features & Benefits

Compact, impact-resistant nylon face and body are ultrasonically welded together for unrivaled strength.

One-piece, high-grade brass contacts offer excellent conductivity and heat-rise resistance.

Side and external screw-pressure-plate back wire capability.
Accepts #14 — #10 AWG.

Clearly marked NEMA configuration, rating and third party listing on each unit's face.

Single-piece, solid brass mounting strap is free of easily loosened rivets found on other brands. 15 Amp mounting strap is steel.
