

Type 3 Surge Protective Devices

S1000 & S2000 Series Surge Protective Strips

3rd Edition
Compliant

Leviton's S1000 and S2000 Series Surge Protected Strips provide superior protection for everyday use in professional work areas and home offices, protecting computers, peripherals and other electronic devices from damaging surges, voltage transients and noise spikes.

These surge protective strips feature a convenient right angle plug that keeps the cord close to the wall making it easier to install behind furniture and other equipment. The high quality construction and superior electronic circuitry ensures long service life of both the surge protective strip and protected equipment.

The S1000 Series features 6 surge protected NEMA 5-15R outlets while the S2000 Series features 9 surge protected NEMA 5-15R outlets.
