FEATURES

- › QUIK-LOK™ Blade Clamp - no tools needed to change blades
- › Comfortable Tactile, Soft Grip Handle ergonomically designed for prolonged cutting in any direction
- › Versatile - Accepts any 1/2 in universal tang reciprocating saw blade
- › Threaded end for attaching to standard extension pole

This quick, convenient, versatile hand tool cuts, scrapes and files. It accepts any 1/2 in. tang universal reciprocating saw blade. The heavy duty steel QUIK-LOK™ clamp, the same durable system used on Milwaukee QUIK-LOK™ Sawzall® reciprocating saws, allows you to change attachments with a twist of the thumb and index finger. No tools are required. The Job Saw™ is ergonomically designed for comfort and includes a "soft-grip" handle. It has a threaded end for attaching to standard thread extension poles for high out of reach applications such as pruning tree branches. A convenient hanger hole allows you to store on hook in your workshop. Includes the Job Saw™ and one Sawzall® blade.

Sawzall® Blade Selection Guide
Use the right blade to cut faster.
