

VXCK355* or CK355 Deluxe Electric Kits

All the attachments you need to keep your living space dust free. With selections for carpeting, hard floors, draperies and furniture, these deluxe kits feature the convenience of maximum power without the need for an electrical plug. Works with electrified inlets CI358, CI390 and CI395. (See page 23). Specify NuTone VXCK355 with status indicating hose to be used only with NuTone VX550 and VX1000 series Power Units, or Standard Kit CK355 to be used with NuTone CV series Power Units. The kit includes:

CK230 Deluxe Tool Set plus

- Electrified direct connect crushproof hose: VXCH615* or CH615
- CT600 power nozzle
- CA130 hose sock
- CT120 cord management wand

VXCK350* or CK350 Deluxe Electric Kits

Features all the time-saving attachments of the CK355 without the need for electrified inlets. With a six foot electric cord, it easily plugs into an outlet for maximum power. Specify NuTone VXCK350 with status indicating hose to be used only with NuTone VX550 and VX1000 series Power Units, or Standard Kit CK350 to be used with NuTone CV series Power Units. The kit includes:

CK230 Deluxe Tool Set plus

- Electrified crushproof hose: VXCH515* or CH515
- CT600 power nozzle
- CA130 hose sock
- CT120 cord management wand

VXCK250* or CK250 Air Turbine Kits

These kits offer cleaning power with non-motorized accessories. All these attachments work with the central vacuum's airflow. Specify NuTone VXCK250 with status indicating hose to be used only with NuTone VX550 and VX1000 series Power Units, or Standard Kit CK250 to be used with NuTone CV series Power Units. The kit includes:

CK120 Standard Tool Set plus

- Crushproof hose: VXCH235* or CH235
- CT350B turbine brush
- CA130 hose sock

VXCK150* or CK150 Standard Tool Kit

The CK150 is ideal for homes with all hard surface floors. It also makes a perfect second set or starter kit. Specify NuTone VXCK150 with status indicating hose to be used only with NuTone VX550 and VX1000 series Power Units, or Standard Kit CK150 to be used with NuTone CV series Power Units. The kit includes:

CK120 Standard Tool Set plus

- CH235 low-voltage crushproof hose
- CA130 hose sock

*For use with VX1000 or VX550 series Power Units only.
