15

ORDERING INFORMATION

DIE-CAST ALUMINUM

Catalog No.	Description
16	13" Rectangular Trough – 8 holes, 5 plugs
15	22" Rectangular Trough – 12 holes, 7 plugs

PRODUCT SPECIFICATIONS

- For mounting clusters of floods. Canted Series (#15 and #16) for low wattage HID, R and PAR lamps.
- Heavy-wall cast aluminum with canted holes for more compact floodlight clusters. Plugged center mounting hole tapped 1" with locking set screw for use with slip-fitters #7A or #3B. Opposite center mounting hole tapped 1/2" for use with conduit or slip-fitters #7 or #3. All other holes are tapped 1/2" NPS. Troughs #15 and #16 have canted holes and cannot be used for quartz T-3 lamp floods.
- Mounts to pole-top tenon (2" or 3") via slipfitter. Removable cover permits ample room for making splices.
