

## XTP®

The Marrette® XTP® is a high quality, twist-on wire connector with a unique spring and cap grip design that sets it apart from the competition.

### External Cap

- Made of tough, durable polypropylene and 105°C rated to withstand high installation pressures.
- Posi-Grip® surface combines a matte finish with closely-spaced, deep grooves for superior twisting power, even when hands are greasy or damp.
- Deep, wide throat ensures full insulation coverage.
- Threaded entry helps guide large wire bundles into the spring chamber.
- Colour-coded for quick and easy size selection.

### Inner Spring

- Exclusive Live Action® variable volume spring expands to accommodate more wires with less twisting effort, compared to other connectors with a “fixed spring” design.
- Models nos. 329 and 330 have a round spring, while 331, 333 and 335 have a square wire spring construction that gives a positive conductor bite to solid or stranded wires.
- Unique copper-coated spring helps resist corrosion.
- Models nos. 329 and 330 are approved for circuits up to 300 V only. — Models nos. 331, 333, 335 and 822 are approved for circuits up to 600 V, and lighting fixtures and signs up to 1000 V.
- For copper conductor only.
- Convenient packaging - sized right and job-site ready!
